Customer Reviews

This book has taken me to the most beautiful and wonderful parts of the US. The map of the lower 48 states in the front of the book has my vacation trips marked on it since 1982. Every vacation I plan is guided by the maps and ideas contained within its pages. I have 4 other 'travel the USA' books, but this one is the best. My mother and sister 'did' the west the very first year I had the book and we planned our route by it, read it as we went, and could not have had a better vacation. It truly is the greatest travel book ever.

In the 1980's, I used this book for road trips with my family. We found things along the way that we would have missed in ordinary guide books. When I saw the title, I decided to buy it as a gift for my son, daughter-in-law and grandkids. Would have given a fifth star if the book had been updated.

This book hasn't been published for a while--it beats me why; it's a terrificand easy to use resource for anyone traveling on the road. Thanks to I could find 3 beautiful copies.
