This book is better than I thought it would be. I love it and recommend it to everyone. My mother used home remedies years ago and I thought some of the stuff was off the wall. But they are listed in the book and they do work.

Great Book! My mother always used to use a window cleaner of 50/50 vinegar/water. To give you a little example of GrandMa Putt - 50/50 rubbing alcohol/amonima. Put in a spray bottle - Works like a charm! There so many other things you will be amazed! Buy it.

I didn't know there were sooooo many uses for Vinegar! I love this book and have found some very interesting facts and useful tonics. Thanks!

the index in the back of the book made it very easy to use. The set-up was a bit confusing at first but the information was wonderful

This book contains a lot of helpful information about how to use common things around the home and garden. People used vinegar, garlic, and baking soda in colonial times; they aren't carcinogenic like a lot of cleaning products etc. are.

This should be a "must Read" for all generations, especially the young. Considering what we spend on medicine and cleaning products, it can be very cost effective. Admittidly, some require ingrediants that are too uncommon, and a few are more trouble than I feel they are work, over-all it's a GREAT book.Hope my kids don't read this, as each will get a copy for Xmas.Laird - Portland, OR

VERY ENJOYABLE READING. WILL TRY SOME OF THEM FROM TIME TO TIME. A GREAT VALUE WHEN BOUGHT ON .COM

Like the user-friendly layout of the book, but wouldn't you know it, the first problem solver I tried didn;t resolve anything but a waste of my time and ingredients. Still hoping other interesting finds will have better results, though.
