# ED PSYCH (with CourseMate, 1 Term (6 Months) Printed Access Card) (New 1st Editions In Education)

## Synopsis

Created through a "student-tested, faculty-approved" review process with over 200 students and faculty, ED PSYCH is an engaging and accessible solution to accommodate the diverse lifestyles of today's learners. ED PSYCH has the most applied approach to educational psychology--taking complex psychology theories and demonstrating how they apply to the everyday experiences of in-service teachers.

## Customer Reviews

Coursemate pretty much cornered the used books market by pulling a remarketing registration scheme. The book is fantastic and should help you through any and every problem a decent professor will provide you with. A crap professor will make you watch the CourseMate clips and test you/have you write about them even though they're really an idiot version of what you've read.

Filled with pop psychology and trendy ideas easily debunked with a few minutes of research. This is supposed to be a textbook, but there is much more opinion disguised as fact than actual facts in here.

Printed Access Card was not included

I thought i ordered the regular book and ended up with the teachers edition. The book contains

more information and i need it. Thanks

Awesome material context was great I wish I had purchased and not rented textbook was great and very knowledgeable love it

Excellent book! It really is a useful textbook. The thing that would have made it 5 stars is if it came on time ;(

i needed the book and it works. there is some wear, but that's to be expected. it was missing the coursemate.

It came with an access code that didn't work for I can't use half of the materials I need for the class.
